

SIMPLOT SUMMERSOAK

Concentrated Soil Surfactant

Simplot Summersoak is a concentrated soil wetting agent to assist in overcoming localised Dry Patch and general water repellence in the soil profile.

Simplot Summersoak contains quick acting surfactants combined with other long-lasting soil surfactants. This allows for fast correction and longer residual wetting effects.

Simplot Summersoak enhances overall infiltration and dispersion of water in profile by overcoming water repellence factors caused by thatch and organic acids attached to soil particles.

DIRECTIONS FOR USE: TURF

Rate: 5 mL / m²
500 mL / 100 m²
50 L / Ha

APPLICATION:

Following application, apply heavy watering to wash Simplot Summersoak into the ground. This will also prevent burn to the leaf. Apply in cool of day. During very hot conditions, a second application may be necessary. Do not apply Simplot Summersoak with other chemicals. Allow one week between applications.

PRODUCT ANALYSIS

A blend of non-ionic surfactants

PRODUCT SPECIFICATIONS

S.G: 1.01
pH (Neat): 6.5 - 7.5
Appearance: Clear liquid
Shelf Life: 3 years

AVAILABLE PACK SIZES & WEIGHTS

5 Litre: 5.3
20 Litre: 21.0
200 Litre: 212.0
1000 Litre: 1090.0
