

READ SAFETY DIRECTIONS BEFORE OPENING OR USING

Nufarm
Chemwet 1000

ACTIVE CONSTITUENT: 1000g/L ALCOHOL ALKOXYLATE

A Non-ionic 100% Wetting Agent, for the improvement of spray coverage
when using Agricultural Chemicals.

Contents: 5 Litres
20 Litres
1000 Litres

Nufarm Australia Limited
ACN 004 377 780
103-105 Pipe Road
Laverton North Victoria 3026
Tel: (03) 9282 1000
Fax: (03) 9282 1001

DIRECTIONS FOR USE:

Chemwet 1000 can be used where the addition of a Surfactant is required or recommended on the agricultural chemical label. Variations in conditions of use can require some changes in the amount of Chemwet 1000.

Situation	Rate/100L	Critical Comments
Non-Selective Herbicides FOLIAR ACTIVE	25-100mL	Use the higher rate on waxy, hairy or hard to wet surfaces. Increase rate for dry soils.
Selective Herbicides IN CROP USE	25-100mL	Use when a surfactant is recommended on herbicide labels. Use the higher rate on waxy, hairy or hard to wet surfaces.
Soil Residual Herbicides	100-400mL	When applied with soil residual herbicides to standing weeds, add Chemwet 1000 to thoroughly wet foliage. Consult product labels for individual recommendations.
Horticulture INSECTICIDES, FUNGICIDES AND GROWTH REGULATORS	40-100mL	Vary rate according to volume and nature of target. Use only when recommended on product labels.
Paraquat and Diquat Herbicides Important when grasses are the major target	25-100mL	Vary rate according to spray volume. Select rate in accordance with product labels.
Pasture Topping For use with Glyphosate CT	125mL	
Watering of Turf and Dust Abatement As additive to water	40-100mL	Use the higher rate when watering turf.
Fire Fighting Water Tanker Knapsack	5mL/100L 2mL/15mL	In this field Chemwet 1000 has the advantage of less weight to carry compared with less concentrated surfactants and of being non-flammable. It increases the wetting power of water which assists in quick control and moping up of fires. It is of particular value where water may not be readily available, when a less drenching spray is needed, and a tankful will cover a bigger area.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS:

NOTE: Where product labels recommend the addition of a non-ionic wetting agent as a percentage (%) dilution, add 100mL Chemwet 1000 per 100 litres of spray mixture to give 0.1%, 250mL/100L to give 0.25% or other rates as required using these examples.

MIXING:

For wettable powders and water soluble products, add Chemwet 1000 in water before adding the agricultural chemical to spray tank. For emulsifiable products, add Chemwet 1000 after a good emulsion is formed.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT:

Harmful to fish. Do not contaminate ponds, streams, rivers or waterways with chemical or used containers.

STORAGE AND DISPOSAL:

KEEP OUT OF REACH OF CHILDREN

Store in the closed, original container in a cool, well ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

Refillable containers: Empty contents fully into application equipment, close all valves and return to point of supply for refill or storage.

SAFETY DIRECTIONS:

Avoid contact with eyes and skin. When using or preparing product for use, wear overalls, PVC/rubber gloves, goggles and safety shoes. After use and before eating, drinking or smoking wash hands.

FIRST AID:

If poisoning occurs, contact a Doctor or Poisons Information Centre (Phone 13 11 26). If swallowed rinse mouth with water. Give several glasses of water to drink. If vomiting occurs, give more water to drink and seek medical advice. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor. If skin contact occurs, remove contaminated clothing and wash skin thoroughly with soap and water. If irritation occurs seek medical advice.

MATERIAL SAFETY DATA SHEET

For further information refer to the Material Safety Data Sheet (MSDS), which can be obtained from your supplier or the Nufarm website - www.nufarm.com.au

CONDITIONS OF SALE

"Any provisions or rights under the Trade Practices Act 1974 or relevant state legislation which cannot be excluded by those statutes or by law are not intended to be excluded by these conditions of sale. Subject to the foregoing, all warranties, conditions, rights and remedies, expressed or implied under common law, statute or otherwise, in relation to the sale, supply,

use or application of this product, are excluded.
